

Our MISSION

Allegheny Imaging's mission is to deliver the highest quality diagnostic and interventional radiology service with care and compassion to every medical community we serve, one patient at a time.

Our VALUES

Quality

Highest standards in everything we do

Service

Meeting and exceeding the needs and expectations of our patients and referring physicians

Partnership

With patients, colleagues, referring physicians, health systems and the community

Leadership

Translating vision into reality, while doing the right thing

Financial Sustainability

Adapt to and thrive in changing health care models

Teamwork

With all stakeholders in the health care model working to deliver a better value proposition

Imaging
At Its Best
